

Introducing the ViseeO - a low cost, integrated Bluetooth phone solution for 2005 and up Mercedes Benz vehicles.

- Our new ViseeO system allows you to utilize your phone controls on the steering wheel
- Uses your Mercedes's stereo speakers
- Provides radio mute function
- Download your phonbook for viewing on your command unit
- Take advantage of all your Mercedes' phone functionality
- Easy plug-in installation
- Increased road safety
- Enjoy handsfree calling convenience
- Stay legal while using your phone

ViseeO is a simple, convenient, inexpensive way to add Bluetooth® cell phone technology to your Mercedes Benz. This unit utilizes your vehicles built in telephone wiring and capabilities. Installation and operation is straight forward. No cutting or splicing of any wiring is required.

Use your **Bluetooth®** Enabled cell phone with your **Mercedes!**

ViseeO is a direct replacement for the Mercedes bluetooth system that is less expensive and offers more features. Additionally, ViseeO is compatible with a wider variety of Bluetooth equipped phones and is also software upgradeable. You will not need any additional wiring or hardware for your installation. No control panels or external speakers that add clutter to your cabin are needed.

ViseeO kits are available for the following MB vehicles:-

ALL (with UHI) 2005+

Other products for other vehicles available on our website.
